PROFESSIONAL PROFILE

Senior full-stack engineer with 5+ years delivering production-grade web applications across EdTech, HRTech, ERP, and E-Commerce. Specialises in React, TypeScript, and Next.js with strong NestJS / Node.js / PostgreSQL backend expertise. Proven track record building high-impact products for international clients across Poland, Japan, the UAE, and Uzbekistan — improving engagement, reducing load times, and shipping at scale. Founder & CTO of EduSync (multi-tenant SaaS, Central Asia) and Tezbyte. Active Udemy instructor with 2,380+ enrolled students across 100+ countries.

EXPERIENCE

Founder & CTO — EduSync (EduSyncuz)

Jan 2025 – Present

Multi-tenant EdTech SaaS · Tashkent, Central Asia · Founder

- Founded and lead a multi-tenant SaaS modernising school and education-centre management across Central Asia — teachers, students, HR, leads, payments, attendance, schedules, CEFR placement tests, and a mobile app per role.
- Own end-to-end architecture and build across the stack: NestJS + PostgreSQL/Prisma backend, React/Next.js frontend, and Flutter mobile; deployed on VPS with Nginx and PM2.
- Building and scaling the engineering team and driving the product roadmap and go-to-market across Uzbekistan.

Stack: Next.js, React, TypeScript, NestJS, PostgreSQL, Prisma, Tailwind CSS, Flutter

Founder & CTO — Tezbyte

Jun 2026 – Present

Product & Engineering Studio · Founder

- Co-founded a product studio building MVPs, SaaS platforms, and web/mobile apps for US, EU, and UZ clients; lead technology strategy, product architecture, and technical team growth.

Stack: TypeScript, Next.js, NestJS, React, Flutter, PostgreSQL

Senior Full-Stack Developer — UDEA (Coventry University Partner)

Nov 2025 – Present

Higher Education · Tashkent · Contract

- Architected and shipped university-wide digital platforms — admissions portal, LMS, and scholarships system — serving thousands of students and staff daily.
- Delivered an SEO-first Next.js frontend (Schema.org, GA4, Core Web Vitals) and NestJS APIs, with measurable search-visibility gains post-launch.

Stack: React, Next.js 15+, TypeScript, NestJS, PostgreSQL, Prisma, Tailwind CSS, Framer Motion

Software Engineer — Innowise

Sep 2025 – Jun 2026

HRTech Platform · Poland (Remote) · Full-time

- Built modular React/TypeScript UI components for enterprise HR dashboards; reduced frontend bundle size ~30% via code-splitting and lazy loading.
- Established Terraform IaC and AWS deployment pipelines, enabling zero-downtime deploys.

Stack: React, TypeScript, Zustand, React Query, Material UI, AWS, Terraform, NestJS, PostgreSQL, Jest

Backend Developer — Webellian

Mar 2025 – Aug 2025

Digital & IT Consulting · Poland (Remote) · Full-time

- Delivered production-grade serverless NestJS services on AWS (Lambda, S3, CloudWatch), cutting infrastructure cost and server-maintenance overhead.

Stack: NestJS, TypeScript, AWS Lambda, S3, CloudWatch, PostgreSQL, Prisma, Docker

Senior Frontend Developer — H&K (Uravo)

Mar 2024 – Feb 2025

Enterprise HRTech · Japan (Remote) · Full-time

- Rebuilt React.js UIs for Japanese enterprise HRTech — improved user engagement ~30% and cut page-load times ~40% through optimisation and caching.

Stack: React, TypeScript, REST API, Figma

Senior React.js Developer — Amir Group

Apr 2023 – Mar 2024

B2B ERP & E-Commerce · UAE (Remote) · Full-time

- Built an ERP + e-commerce platform replacing a legacy system — wholesale ordering, inventory management, and B2B self-service accounts.

Stack: React, TypeScript, Ant Design, Tailwind CSS, Django integration, Docker

Full-Stack Engineer — Innovative Centre

Jan 2021 – Dec 2025

EdTech Suite · Tashkent · Contract

- Designed and shipped an LMS CRM, exam-registration platform, and real-time TKT result-distribution system handling thousands of concurrent users.

Stack: React, TypeScript, Node.js, Express, MongoDB, PostgreSQL, Socket.io, Supabase
